Education

B.Tech in Computer Science

2024 – 2028

Gyan Ganga Institute of Technology and Sciences, India

CGPA: 8.48

Technical Skills

- **Programming Languages:** C++
- **Web Technologies:** HTML, CSS, JavaScript
- **Frameworks & Libraries:** React, Node.js, Express.js
- **Databases:** MongoDB
- **Developer Tools:** Git, GitHub, Figma, Vercel, Render
- **Core Concepts:** Data Structures and Algorithms, REST APIs, WebSockets

Projects

Real-Time Chat Application (MERN + Socket.IO)

[Live App](#) — [GitHub Repository](#)

- Built a real-time chat application allowing users to communicate instantly.
- Implemented real-time messaging using Socket.IO and WebSockets.
- Added features like user join notifications and typing indicators.
- Designed a group chat system for multiple users.

TRUECHOICE – Voting Application (Full Stack MERN)

[GitHub Repository](#)

- Built a secure full-stack voting application using React, Node.js, and MongoDB.
- Implemented user authentication, voting system, and real-time results.

E-Learning Platform (Frontend Web Application)

[Live Demo](#)

- Developed an interactive e-learning platform with course and lesson structure.
- Built responsive UI using HTML, CSS, and JavaScript.

UI/UX Design Projects

Fashion Discovery App – [Figma](#)

- Designed a modern fashion discovery interface with intuitive navigation.

Shopping Website (E-commerce) – [Figma](#)

- Created full e-commerce UI including product listing and checkout flow.

School Page Concept – [Figma](#)

- Designed educational website UI for school information system.

Achievements

- Maintained a CGPA of 8.48.
- Built multiple full-stack and frontend projects.
- Practicing Data Structures and Algorithms regularly.

Certifications

- AlgoUniversity Technology Fellowship (ATF 2025) – Stage 1 Qualified, Top 8% Nationwide
- Red Hat Academy – Application Development I: Java EE
- Cisco Certification – C Programming
- Cisco Certification – C++ Programming
